

Twas the Night After Classic

Twas the night after classic, when all through Moravian ,
no athletes were competing not even one.
The decorations were stacked in the old locker room with care,
With hopes that they would recycled and reused next year.

That parents were snuggled all warm in their beds,
While nightmares of next year danced in their heads.
And Rae Carol and I off to Wheelhan's we went,
Just to unwind and say we were spent.

While out in the parking lot there arose such a clatter,
I jumped from my chair to see what was the matter.
Away to the to my car I flew like a flash,
To make sure I got home to hide all the stash!

Now Amber, Now Katelyn
Now Chrissy and Now Rae
On Lynn, On Julia
On Marissa and On Tammy
To the top of the podium
To the top I did say.
We all work so hard
And this weekend it did pay.

And then what does my wondering mind realize,
that what was important was the team not the medal size.
So with this all said and my heart filled with love
I know you worked and You all went way above!!!

HAVE A HAPPY HOLIDAY !!!!
